On December 12, two months after filmmaker David Zeiger's mother's death, his entire family's savings, retirement, and college funds disappeared--lost to the Bernard Madoff Ponzi scheme. Until that moment, they had no idea who Bernard Madoff was. For twenty years, the family friend they all thought -- along with dozens of other old Hollywood families -- was wisely investing their money, had been secretly handing it over to Madoff, pocketing tens of millions for himself in the process. Starting two weeks after that devastating event, *Ponzi & Me* tells the story of the Zeiger family's struggle to rebuild their lives, and his journey through the many layers of this monumental fraud to find the man who made it all possible.
